

Click 'n' Pick your new roof colour

With these simple steps, our new 'Roof Viewer' app will help you choose the right colour for your roof.

- 1 Download our Roof Viewer app.
- 2 Take a photo of your house exterior.
- 3 Tap 4 corners to indicate the roof 'section'.
- 4 Use slider to indicate roof profile.
- 5 Enjoy exploring our ColorCote palette.
- 6 Email your favourite roof colours to yourself or others.

Download our app.

The Roof Viewer app is available on both the App Store and Google Play.

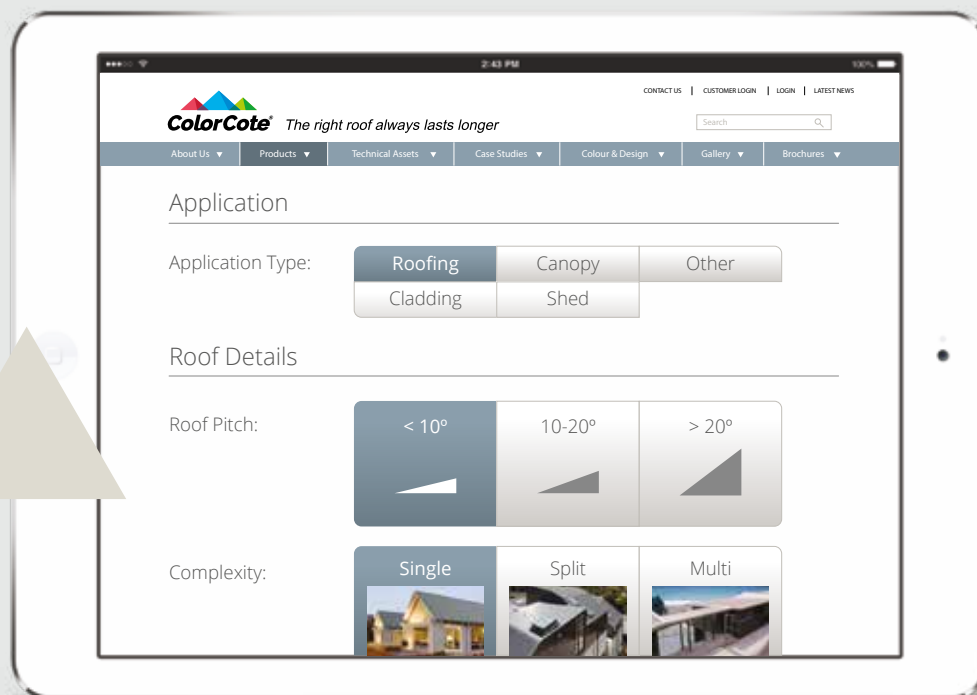

Am I covered?

It's easy to check before you buy

Simply go to www.colorcote.co.nz/warranty or get the app, available on both the App Store and Google Play.

- 1 Open the enquiry form.
- 2 Enter the location of your home.
- 3 Enter the application type and roof details.
- 4 Click submit.
- 5 We'll let you know the right substrate, so you know you're covered.

METALLICS: Colour may vary between production runs, so the entire quantity for each project must be purchased in one order. Due to the composition of this paint film, metallic colours are not recommended for use in coastal environments. BRIGHTS: These colours are not available with ceramic pigmentation, and therefore the level of colour retention is not as high as others. There is no colour fade warranty given on these colours.
